

NORITSU

D703-1D

Digital Printer

Compact and Versatile

The D703-1D produces a wide variety of print sizes including 6"x4", 8"x10", 10"x15" and even 10"x 69" panorama prints. Adding to the versatility of this printer is the Manual Duplex function for duplex Photobooks and Greeting Cards.

10"

69"

Easy Operation with an intuitive user interface.

Everything from order management to image correction. Can be used to drive the D703 and its system components.

EZ Controller (Sold separately)

The EZ Controller takes care of everything from printing to managing the orders. The graphic user interface is easy to use, even for beginners.

Controller Main Display

Pre-Judge Display

Easy and Efficient Paper Handling

An optional Paper Magazine can be added to enable the use of an additional roll of paper. This allows the use of different size rolls for print size variation. Also, if the same paper is loaded internally and in the paper magazine, the D703 will automatically switch to the full roll of paper when one runs out. The Manual Feed Paper Tray can be used for cut sheet paper and Manual Duplex printing, adding to the versatility of the D703 Printer.

Roll paper replacement is easy

Using two rolls enables an array of print sizes **OPTION**

The sheet paper tray can be folded and tucked away

It is possible to use sheet paper even when the paper magazine is attached.
